

CARTOON CONNECTION

■ Buenos Aires, Argentina, 25-27 November 2009

With the support of the Preparatory Action MEDIA INTERNATIONAL of the European Union, CARTOON is organising the 1st meeting between European and Latin American animation professionals.

The 3-day meeting entitled **CARTOON CONNECTION** will take place in Buenos Aires from 25 to 27 November during Expotoons, an International Animation Festival whose objective is to promote Latin American animation worldwide.

CARTOON CONNECTION is a programme intended to initiate and establish lasting professional relationships between European creators, producers and distributors and their Latin American counterparts. It should benefit attending professionals, improve reciprocal knowledge of the different markets, encourage cooperation and circulation of animation works between the two continents.

Professional workshops with broadcasters, producers and distributors will highlight both the Latin American and the European animation markets from a creative, co-production and distribution perspective.

This first meeting will also allow a limited number of Latin American producers attending **CARTOON CONNECTION** to talk to a European audience of their on-going animation projects (series, features, specials) to see if they can arouse interest within the European animation market.

WHO SHOULD ATTEND

Professionals of the animation industry interested to initiate contacts with European and Latin American professionals. Students are not allowed to participate.

PARTICIPATION CONDITIONS

Participants must have paid their registration fee to EXPOTOONS and fill in the registration form to **CARTOON CONNECTION** (see next page)

CARTOON

Based in Brussels, Cartoon is the European Association of Animation Film. With the support of the MEDIA Programme of the European Union, Cartoon has been able to federate the main actors of the animation industry in Europe for the last 20 years. The now well-established professional relationships between producers, broadcasters and distributors of animation programmes (be they TV series or features) find their expression in key promotional and training activities Cartoon organises every year: the Cartoon Forum, the Cartoon Movie and the Cartoon Masters.

The event is co-organised with ENCUADRE, a 9-year old production company based in Buenos Aires.
