The 11th edition of Cartoon Movie in Lyon, France, is set to highlight 49 European animated films, including both completed projects and some still in development.

From March 4–6, 16 countries are expected to bring their work to the event. France will be bringing 26 films from studios, such as Folimage, Les Armateurs, Gaumont and Millimages. Germany and Belgium will both bring six projects, and Spain and Denmark with four.

This is the first time Cartoon Movie is held in France. Another first includes participation from the video gaming industry. The annual event began in 1999 and is organized by the Cartoon European Association of Animation. This year, Cartoon Movie is supported by the Media Programme of the European Union, Centre Nationale du Cinématographie and The Rhône Aples Region (Greater Lyon) in association with Cluster Imaginove.
