THE BIG BAD FOX AND OTHER TALES

FAMILY : 78' : 2D COMPUTER

Three tales taking place in a little farm: 1. A clumsy fox systematically gets beaten by his prey: a hen! One day, he decides to steel her eggs and raise the chicks until they are plump enough. However, he will soon discover it's not that easy being a mum and a carnivore! 2. While on her way to deliver a baby to his human parents, a storck crashes into a tree. Because of her broken wing, she will have no choice but entrust the delicate delivery to an idiot rabbit, a stupid duck and a grumpy pig... 3. On Christmas Eve, the naive rabbit and duck accidentally destroy a plastic Santa Claus. Convinced they have killed the real Santa, they begin a crazy mission: to replace him for the gift distribution day...
